Public Comments; Norma Switalski and Virginia Culp

We are here to share our disappointment with you and the Planning Commission regarding our request for rezoning for our property on Simpson Rd. We have thousands of dollars in this plan. Then the Health Department got involved. That property somehow is attached to the Village, so we have right to water and sewer on that property. Now the property owner(s) would have to pay for those services to each of the five (5) lots. The health department no longer does soil samples. We would have to hire a professional to do this, which again, will cost us money. We would also have to have a well on one of the properties to check for water quality. We just wanted to let you know that we already have too much money in this project. We have been working on this project for a year. At this point, we are done for now.

(Public comments were heard by the board per the policy that was adopted on February 13, 2018 by the Mendon Township Board.)
